---

Ambitious and creative problem-solving Web Developer leveraging a powerful set of technology skills gained by completing a six month intensive Web Development Bootcamp through the University of North Carolina-Charlotte. Able to effectively collaborate with a diverse team with experience in conflict-resolution and proven troubleshooting skills gained by working remotely with teams overseas. Goal-oriented and eager to work with a quality-driven team in order to build better experiences on the web.

## TECHNICAL SKILLS

**Languages:** HTML5, CSS3, JavaScript, JQuery, Bootstrap, Firebase, Node.js, MySQL, MongoDB, Express, Handelbars.js, ReactJS.

## PROJECTS

### GifTastic | Sole Developer

<https://github.com/Bhelms2132/GifTastic> | <https://bhelms2132.github.io/GifTastic/>

- Allows user to view gifs based on suggestion box input. The gifs will also animate when the user clicks on the gif.
- **Utilized:** HTML, CSS, Javascript, JQuery, Ajax and API key.

### Psychic-Game | Front-End Developer

<https://github.com/Bhelms2132/Psychic-Game> | <https://bhelms2132.github.io/Psychic-Game/>

- This project was created for the user to guess a letter with a selected amount of guesses that the program has selected using an array along with if, else conditionals.
- **Utilized:** HTML, CSS, and JavaScript.

### Happy-Hour | Project Leader

<https://github.com/Bhelms2132/Happy-Hour> | <https://bhelms2132.github.io/Happy-Hour/>

- This project was created for the user to enter in a cocktail to return the ingredients and instructions on how to create cocktails. It also can save the user's favorites in FireBase.
